CURRICULUM RESILIENCE

01

CATEGORY
Teaching and learning

Redundancy in teaching methods

02

CATEGORY
Teaching and learning

Redundancy in learning methods

03

CATEGORY
Teaching and learning

Adaptable modes of teaching

04

CATEGORY
Teaching and learning

Adaptable modes of learning

05

CATEGORY
Teaching and learning

Adjusting educational
methods based on
technological innovations

06

SUCRE

CATEGORY
Teaching and learning

Adjusting educational methods based on economic intelligence and on external changes (market probing, surveys,...)

07

CATEGORY
Teaching and learning

Redundancy in media or transmission channels

08

CATEGORY
Teaching and learning

Adaptable delivery modes

09

CATEGORY
Teaching and learning

Redundancy of assessment methods

10

CATEGORY
Teaching and learning

Adaptable assessment methods

11

CATEGORY
Teaching and learning

Well-balanced assessment methods

12

CATEGORY
Teaching and learning

Redundancy in scientific fields addressing a given topic

13

CATEGORY
Teaching and learning

Teaching of core and scientific knowledge and of fundamentals that endures

14

CATEGORY
Teaching and learning

Focus on students competency development

20

CATEGORY
Curriculum structure

Readability (by students) of the different expectations and objectives

21

sucre

CATEGORY
Curriculum structure

Comprehensive overview of
curriculum structure (building
blocks and interrelation
between building blocks)

22

CATEGORY
Curriculum structure

Comprehensive overview of
curriculum resources

23

CATEGORY
Curriculum structure

Comprehensive overview of
curriculum teaching and
learning strategies

24

CATEGORY
Curriculum structure

Comprehensive overview of
curriculum assessments

25

CATEGORY
Curriculum structure

Constructive alignment is ensured, i.e., curriculum content aligns to learning objectives

26

SUCRE

CATEGORY
Curriculum structure

Flexibility: many elective courses, offered at different times during the program

27

CATEGORY
Curriculum structure

Flexibility: courses can be exchanged and adapted

28

CATEGORY
Curriculum structure

Modularity: multiple and different learning paths to achieve the learning objectives

30

CATEGORY
Curriculum context

Adjusting educational content based on economic intelligence and on external changes (market probing, surveys,...)

31

CATEGORY
Curriculum context

Adjusting educational content based on technological innovations

32

CATEGORY
Curriculum context

Integration of real-world experiences and hands-on experience

33

SUCRe

CATEGORY
Curriculum context

Adaptability: curriculum is
determined by real-world
challenges

40

CATEGORY
Quality culture

Environment that promotes experimentation and collaboration among different stakeholders

41

CATEGORY
Quality culture

Monitoring: continuous evaluation of the curriculum by different perspectives and stakeholder

42

CATEGORY
Quality culture

Collaboration: involvement of all relevant stakeholders (e.g. students, teachers, industry,…)

43

CATEGORY
Quality culture

Integration of diverse and different perspectives and backgrounds

44

CATEGORY
Quality culture

Teachers cultivating a mindset of continuous learning and adaptation to external change

45

CATEGORY
Quality culture

Diverse expertise and
backgrounds of teachers

46

CATEGORY
Quality culture

Redundancy in terms of
interchangeable teachers

47

CATEGORY
Quality culture

Agility: combine, re-use and redeploy existing resources in new ways to deal with emergent issues and meet new needs

48

CATEGORY
Quality culture

Organizational slack: readily available and rapidly mobilizable, redundant material resources

49

CATEGORY
Quality culture

Organizational slack: readily
available and rapidly
mobilizable, redundant human
resources

50

CATEGORY
Quality culture

Human resources: identify the level and availability of a specific resource (human or material)

51

CATEGORY
Quality culture

Material resources: identify the level and availability of a specific resource

52

CATEGORY
Quality culture

Situational awareness of interdependencies: identifying roles and responsibilities

53

CATEGORY
Quality culture

Breaking silo mentality: foster collaboration

54

CATEGORY
Quality culture

Students individual resilience training

55

CATEGORY
Quality culture

Staff's individual resilience training
